Environmental Policy

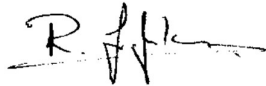

Aerco Ltd is committed to complying with all relevant environmental legislation and reducing the harmful effects its operations, products and services supplied to our customers have on the environment.

By evaluating our operations to minimise waste and by ensuring they are as efficient as possible, we take responsibility in our use of natural resources and actively promote recycling.

Aerco Ltd measure and set targets for continually reducing the impact our organisation has on the environment and will encourage the adoption of similar principles by our suppliers.

This policy is approved by the Managing Director (undersigned) and is supported by all the levels of management within Aerco Ltd.:
